I rec'd a citizen complaint from a person in Howard, OH (Knox County) regarding 'clean water act violations' (I am quoting the information in the citizen's email). In trying to find out if Howard has a sewage collection/treatment system (it's a very small town), I came across a media article about the person complaining, and it appears there is a history of legal action between the citizen and several levels of government including Ohio EPA. Can you point me to a contact in your CDO who I might be able to talk to? Thanks
